ENGLISH/QUARTER 1/ GRADE 4

I. CURRICULUM CONTENT, STANDARDS, AND LESSON COMPETENCIES	
A. Content Standards	The learners demonstrate their expanding vocabulary knowledge and grammatical awareness, comprehension of literary and informational texts, and composing and creating processes; and their receptive and productive skills to produce age-appropriate and gender-responsive texts based on one's purpose, context and target audience
B. Performance Standards	The learners apply comprehension of literary and informational texts and produce narrative and expository texts based on their purpose, context, and target audience using simple, compound, and complex sentences, and age appropriate and gender-sensitive language
C. Learning Competencies and Objectives	Comprehend informational texts 1. Note important information (topic, main idea and supporting details) through outlining. 2. Draw conclusions about an informational text read. 3. Summarize an informational text read by using the main idea and supporting details.
D. Content	Comprehending informational text through: 1. Noting important information through outlining using 2. Outline important events of an informational text read 3. Drawing conclusions about an informational text read 4. Summarizing an informational text read
E. Integration	personal health and physical well-being

II. LEARNING RESOURCES	
Durani, Y. (March 2023). "Why do I need to wash my hands?" <i>Nemours KidsHealth</i> . https://kidshealth.org/en/kids/wash-hands.html	
Pitone, M.L. (May 2024). "What are colds?" <i>Nemours KidsHealth</i> . https://kidshealth.org/en/kids/colds.html	

III. TEACHING AND LEARNING PROCEDURE		NOTES TO TEACHERS
A. Activating Prior Knowledge	DAY 1 1. Short Review Have students recall the elements of a story. Option 1 is to sing one of the songs suggested in Lesson 1. The songs help in the recall of story elements. Option 2 is to recall a familiar tale and have the class complete a Story Map. Note that the previous lesson is on reading a story which is a literary text. This week's lesson will cover reading informational text. 2. Feedback Provide overall comments on the students' outputs in Lesson 1. These are the Story Maps and Comic Strips.	
B. Establishing Lesson Purpose	1. Lesson Purpose Present an informative poster on Dengue. Posters can be those published by the Department of Education and/or DOH. Below are suggestions: - Health Advisory on Dengue from the DOH Province of Guimaras https://provinceofguimaras.wordpress.com/tag/department-of-health/ - DOH Bicol Health Advisory on Dengue https://www.facebook.com/dohbicol/posts/doh-chd-bicol-health-advisorywatch-out-for-common-communicable-diseases-this-rai/3245685288788132/?_rdc=2&_rdr - DOH Advisory on Dengue School-Based Immunization https://www.facebook.com/DOHgovPH/photos/a.157979910879936/1205947319416518/?type=3&_rdc=2&_rdr Ask the following questions to elicit from students the important information that one can get from the poster. ▪ What is the poster about? ▪ What important information can we get from the poster? ▪ How can we protect ourselves from dengue? ▪ Is the poster helpful? What makes it helpful? 2. Unlocking Content Area Vocabulary Have students create a word map. They need to draw images, shapes, and/or arrows to show how the following words are connected: - virus - infection	A sample illustration on word association may first be provided before students are

	c. sore throat d. sneezing e. immune system A sample word map can look like this:  Ask students to explain how the words relate to each other. They can work in pairs of small groups.	asked to work independently.
C. Developing and Deepening Understanding	1. Explicitation Ask the following questions to prepare students for the reading text: - What are colds? - How do kids catch colds? - What are the symptoms of a cold? - How can you feel better if you get a cold? - How can you avoid getting a cold? Write the students' responses on the board. The class can go back to these answers after completing the information table in the next task. 2. Worked Example Access the informational text entitled "What are colds?" This is written by Dr. Melanie L. Pitone and published at Nemours KidsHealth website. The site can be explored for texts on health-related topics. There are articles written for parents and also for kids. Below is the link to the text: https://kidshealth.org/en/kids/colds.html As students read the text, ask them to complete the information sheet below. The worksheet has blank parts. This version provides the details that complete the information.	The students can do silent reading, oral reading, or both.

1. What are colds?

- a. A cold is an infection that affects your nose, throat, and sinuses.
- b. Cold viruses get inside your body and make you sick.
- c. The best cold cure is your immune system.

2. How do kids catch colds?

- a. Mucus droplets can spread a cold from one person to another.
- b. Touching your eyes, nose, or mouth after touching something with cold viruses can make you catch a cold.

3. What are the symptoms of a cold?

- a. Sore throat, coughing, or a “tickle” in the throat
- b. Sneezing or stuffy nose
- c. Feeling very tired
- d. Mild fever (37.2°–37.8°C)
- e. Body aches
- f. Low appetite (not feeling hungry)

4. How can I feel better?

- a. Drink hot drinks and soup.
- b. Get a steamy shower or use a humidifier.
- c. Drink plenty of liquids.
- d. Blow your nose to get rid of mucus.
- e. Take a nap or go to bed earlier.

5. How can I avoid getting a cold?

- a. Wash your hands often.
- b. Be active.
- c. Avoid stress.
- d. Eat a balanced diet.
- e. Get enough rest.

3. Lesson Activity

Access the informational text entitled “Why do I need to wash my hands?” This is written by Dr. Yamini Durani and published at Nemours KidsHealth website. Here is the link to the text:

<https://kidshealth.org/en/kids/wash-hands.html>

Use the information sheet below to guide students in noting important information.

Why do I need to wash my hands?

Students can work in pairs to complete the information table. Have them present their outputs in class. As students present their answers, the class can revisit the answers written on the board during Explication.

	1. Why is hand washing so important? Washing your hands is the best way to stop germs from spreading. 2. When should you wash my hands? a. Wash your hands when <u>your hands are dirty</u>. b. Wash your hands before <u>eating or touching food</u>. c. Wash your hands after <u>using</u> the bathroom. d. Wash your hands after blowing your nose <u>or coughing</u>. e. Wash your hands after <u>touching</u> pets or animals. f. Wash your hands after playing <u>outside</u>. g. Wash your hands before and after <u>visiting a sick relative or friend</u>. 3. What is the best way to wash your hands? a. Use <u>warm or cold</u> water. b. Use whatever <u>soap</u> you like. c. Work up some lather on both sides of your hands, <u>your wrists</u>, and <u>between your fingers</u>. d. Wash <u>around</u> your nails. e. Wash for about <u>10 to 15 seconds</u> — about how long it takes to sing "Happy Birthday." f. Rinse and dry well <u>with a clean towel</u>.	
D. Making Generalizations	1. Learners' Takeaways Ask students to answer this question: <i>What should one remember when reading for information?</i> <i>What will help us identify which information is important?</i> 2. Reflection on Learning Ask students to complete this exit slip form by answering the questions: What did we do this week for our English lesson? _____ What is important about what we did? _____ How well did I do? _____ How can I use what I learned in the future? _____	Students can use their notebook in recording their responses to the Learners' Takeaways and Reflection on Learning prompts. This can be compiled every week and revisited at the end of the quarter.

IV. EVALUATING LEARNING: FORMATIVE ASSESSMENT AND TEACHER'S REFLECTION				NOTES TO TEACHERS
A. Evaluating Learning	Formative Assessment Have students work in small groups to create an informational poster. Examples shown in the Lesson Purpose activity can be revisited for models. The details in the information sheet can be used in designing the posters. The posters may be displayed in the school or classroom bulletin boards for other students to read. If in digital form, the posters can be published in the school's online platform. A rubric or scoring guide can be adapted or created for this task.			The posters can be done digitally using PowerPoint or Canva. Students can also bring art materials and picture cut outs to work on a poster using cartolina or bond paper.
	B. Teacher's Remarks	<i>Note observations on any of the following areas:</i>	Effective Practices	
		Strategies explored		
		Materials used		
		Learner engagement/ interaction		
		Others		
C. Teacher's Reflection	<i>Reflection guide or prompt can be on:</i> <u>principles behind the teaching</u>			Teacher's reflection in every lesson conducted/

	<i>What principles and beliefs informed my lesson?</i> <i>Why did I teach the lesson the way I did?</i> ▪ <u>students</u> <i>What roles did my students play in my lesson?</i> <i>What did my students learn? How did they learn?</i> ▪ <u>ways forward</u> <i>What could I have done differently?</i> <i>What can I explore in the next lesson?</i>	facilitated is essential and necessary to improve practice. You may also consider this as an input for the LAC/Collab sessions.
